

Report on School Students' Visit to Gangadharpur Mahavidyamandir

Campus as part of the Summer Project

Introduction:

This report outlines the visit made by the students of **Jujersa P N Manna Institutions** to our college campus as part of their summer project. The purpose of the visit was to provide the students with an immersive experience of college life, expose them to various academic disciplines, and inspire their educational aspirations.

Objectives of the visit:

The objectives of the visit were as follows:

- a) Familiarize the students with the college campus environment.
- b) Introduce them to different academic departments and career opportunities.
- c) Facilitate interactions with college faculty members.
- d) Provide insights into college-level education and its relevance in achieving future goals.
- e) Encourage the students to develop a positive attitude towards higher education.

Visit Details:

Date: 22nd May 2023

Duration: 12.00 noon to 3.30 PM

Participants: 9th and 10th Grade students

College Campus: New campus as well as old campus.

Itinerary:

The visit was designed to offer the students a comprehensive and engaging experience. The itinerary included the following activities:

a) Campus Tour: The students were given a guided tour of the campus, covering key facilities such as academic buildings, college office, principal's chamber, libraries, conference hall and student

canteen and common room. This allowed them to familiarize themselves with the physical layout of the college.

b) Academic Department Visits: The students visited English, Bengali, Education and Sanskrit departments. They had the opportunity to attend brief lectures, interact with professors. This exposure provided them with insights into the various academic disciplines and potential career paths.

c) Career Counselling: Mrs. Subhabrataa Shome Dutta, Associate professor in English, Mrs. Dulali Saren, Asst. Prof in Bengali as well as Arijit Das, Asst. Prof in Sanskrit conducted sessions to guide

the students through the process of career exploration and decision-making in their subject. Dr. Jaga Mohan Basantia, Teacher-in-Charge of the college discussed the wide range of academic programs available at the college and provided information about potential career paths associated with each discipline. The students were encouraged to ask questions and seek advice based on their individual interests and aspirations.

d) Workshops and Demonstrations:

The college organized interactive workshops and demonstrations in collaboration with college library. A power point presentation of theoretical aspects

of library presented by Mazid Ali shah, college librarian, followed by hands-on activities allowed the students to experience practical aspects of using physical library, using online library, reading room and lending library. The workshops aimed to inspire their curiosity and ignite their passion for learning.

Benefits and Outcomes:

The visit to our college campus resulted in several benefits and outcomes for the school students, including:

a) Exposure to College Life: The visit provided the students with an authentic experience of college life, enabling them to envision themselves as future college students. This exposure encouraged them to set higher educational goals and strive for academic excellence.

b) Broadened Horizon: Interacting with college faculty members exposed the school students to a diverse range of perspectives, ideas, and knowledge. It broadened their understanding of different subjects and potential career paths, inspiring them to explore new academic interests.

c) Career Clarity: The career counselling sessions helped

the students gain a better understanding of their own aptitudes, interests, and goals. They received guidance on choosing suitable academic paths that aligned with their aspirations, enhancing their career decision-making abilities.

d) Motivation and Inspiration: The visit motivated the students to work diligently in their current academic pursuits, knowing that higher education and exciting opportunities await them in the future.

Conclusion:

The visit of school students to the college campus as part of their summer project proved to be a highly valuable and enriching experience. It provided them with a glimpse into the world of higher education, inspired their academic aspirations, and equipped them with the knowledge and motivation to make informed decisions about their future educational and career paths. The exposure to the college environment and interactions with faculty members fostered a sense of excitement and preparedness for the challenges and opportunities that lie ahead.
